# The Misunderstanding of You: A discovery of love

To anyone who does not see themselves the way God sees them, as an  
imperfect masterpiece.

## Beautiful is You

*You are Beautiful*

No matter what anyone tells you

True beauty lies within you

*You are Beautiful*

From the freckles on your face

To your awkward body shape

*You are Beautiful*

They want to be you

But have no idea what you've been through

*You are Beautiful*

Look at yourself in the mirror and recite this like a strategy

Because one day we will all be a distant memory

*You are Beautiful*

God created you in his image

He loves you

So love yourself back

Because with his love your life will not lack

*You are Beautiful*

Flaws are the beauty marks to the soul

Let him/her go

And watch yourself grow

You are indeed Beautiful and don't you ever forget it!

## Mirror on the Wall

Close your eyes and tell me what you see..

I see scars that you are too afraid to reveal to him/her  
Even though he/she told you they wouldn't change you for a thing

I see you tossing and turning at night  
Afraid that he'll/she'll take flight once he sees them  
He/she doesn't want you to trim any piece of yourself

You're not a tree

You're a human being that was set free

I see you taking away that dart that they pierced in that once

Beautiful

Soulful

Cheerful

Heart ♥

I see you walking away and not caring what they all had to say

Like Rafael said to Jane

“Be brave!”

Take that leap of faith

You won't know until

You let go

Of those scars

The scars of the past that you let dictate your present

I say no more

Stand tall and firm and say with me

“You have no place here. I am strong. I am brave.”

I see you walking to him/her and saying  
“Hi, lets start all over. My name is (insert your name) and today I have  
decided to live in my truth and this is me.  
That person will look back and smile cuz that person is ultimately  
You!

## **I'm proud of you!**

I'm proud of your accomplishments  
I'm proud of who you are  
Look at yourself  
You made it this far  
Don't give up  
Don't give in  
Look within and  
Channel that inner vixen  
Hell hath no fury like a woman scorned  
They called you mad  
They said you had problems  
But they couldn't handle your big heart  
The next man is going to treasure you like a fine piece of art

You're worth all the gold that rests on the necks of the bad and bougie  
Opportunity will flow out like a river profusely  
You're a diamond in the rough and that's fine  
You're still learning and growing  
That's what life is about  
It's ok to make mistakes  
Don't let mistakes make you  
It's your hard work and dedication that's going to see you through  
You are a mystery  
That will make history

Through all the talking and contradictory  
Let us all stand and celebrate your victory
