## **Read Me**

Read me like a book  
Take a closer look  
You will see a love  
That can love pass anything

## Unlock My Heart

Unlock the key to my heart, feel my love  
With tenderness and care, like a pure dove  
In your hands lies the power to ignite  
Emotions so deep, pure and bright  
Discover the secrets hidden within  
Let my love guide you, through thick and thin  
Unveil the layers, piece by gentle piece  
And find the harmony that grants us peace

## **One Day**

One day love, we'll lock eyes and embrace  
One day love, we'll share life's endless pace  
One day love, we'll create memories to treasure  
One day love, we'll grow old with pleasure

## **I Just Want**

I just want to feel love all the time  
I just want to be someone's sunshine  
I just want to feel like I matter  
Through unconditional love without my heart having  
to shatter  
I guess that's too much to ask for in a world like this  
At least God gives me bliss  
Though its nothing like having someone to miss even  
for a second  
I reckon God will give me what I desire when I least  
expect it  
So, no need to stress it
