Healing people as he enters their lives and leaving destruction behind for the wicked. His life harder than majority seems easy through perception. The control or mis-handling over others lives grew him in silence. Unknown to him everything is as it should be no matter how cruel or how joyful. Owning a soul contract so powerful that no one man should be able to hold. He moves to seek his balance and through the journey unlocks Spiritual gift after gift. Overcoming Disappointment after Disappointment after Betrayal after Lie after Death after Pre-planned Harm after All. He finally reaches a Peek that is actually a First Step. That step contained knowledge of discovery and what he found was the Truth of who he
