Roderick Collier

Reset. Release. Repeat.

This is dedicated to my Nana. She always believed in me. She was taken too soon leaving a void in all of our hearts. She had such an infectious nature with a heart of gold. She was in my corner during her time in this world giving me insight on what I had yet to understand. As an adult everything she preached has come full circle. I thank her for sharing her wisdom, her time, and her love.
