What IS A WOMAN

A woman is a lady
Who cares and understands
Someone who is always there
and always takes care of her man
A woman is a lady
Who is a great and wonderful mom
Someone who always remains loyal
And someone who will forever be strong
A woman is a lady
Who is beautiful and always true
Someone who when you have a problem
She is always the one who knows exactly what to do
a woman is a lady
Who if we open our eyes to see
Someone who can make a better world
For everyone just like you and me

Wrong Time

Where did the time go ,
Seems it passed by so fast.
Now everyone has become angels ,
Guess God's saving me for last.
I miss all of my loved ones ,
I miss them each & everyday.
The more seasons keeps passing ,
The more memories seem to fade.
The feelings of loss follow you for life ,
They never seem to disappear.
Time changes through the Seasons ,
But the tragedies always remain right here.
Maybe that's why my heart beats ,
Just to prove I'm stronger than death.
The Reaper has always chased after me ,
Yet i remain the l#ast one left

..

My Love

She's got eyes of an angel
like an ocean mystic blue
Her love is pure like heaven
Her soul so deep and true
She loves me like no other Like shooting stars in the sky
Her heart is as big as mountains
She's rare like seeing eagles fly
Her beauty is so vivid and radiant
I'll love her today and forever more
She will forever be my queen
And I'll marry her on the oceans shore!!!

The Storm

Do you know where to find shelter ,
When the storm brings the rain.
Do you know where to find protection ,
When the demons bring the pain.
Do you know how to find forgiveness ,
When the darkness blinds your faith.
Do you know where you can run ,
When you're in danger and you need to escape.
Do you ever feel afraid ,
when your dreams are nightmares.
Do you know how to fight for your life ,
When it seems like no one cares.
Do you really know what true love is ,
When it's right in front of your eyes.
Or are you so far gone ,
That you'll let it just pass you by.

Moonlight

Walking under the stars ,
With just moonlight and me.
Thinking about my life ,
And all of it's tragedies.
The wind is blowing softly ,
As I feel drops of rain.
Perhaps it's only angels tears ,
Falling for my pain
As the sun begins to rise.
I kneel down upon my knees ,
that's when I heard God's voice
Saying he will always be here for me!!!!

Another Sunrise

Another sunrise on a nice summer day .Sometimes just the beauty takes all problems away.Thinking about the past and love ones gone ,Never thought at 50 I'd be in this world alone.I still have my memories and they get me through ,But every once in a while I wish I was gone to.Looking back my life wasn't so bad ,I lived it my way and made do with what I had.I miss my family but in heaven they found peace ,Here on earth there seems to be none for me.Darrin Shawn Rodgers

Chasing Love

I wish I could show you ,
The vision that came to me.
It showed 2 people falling in love ,
Living life and making memories.
I know the feelings inside of me ,
Are real and straight from my heart.
Because if they were just a crush ,
I wouldn't be so sad when we're apart.
I even tried to stop myself ,
From falling for you so deep.
But a love as deep as
mine ,
Is a love that is made to keep.
I know you say you are not ready ,
But I believe I can make you fall ,
Then the life that we will share,
Will be a life that will out last them all!!
