# The Thoughts Within

I dedicate this book to my parents, and my fiancé. And  
my bestie Kira. Cause without them I wouldn't have  
the inspiration to write these poems.

## **Visions**

A great perception a glimpse of the future or insight into one's imagination a bright brilliance of meaning that fancy a more simpler time or something as keen as a memory to a past event or something you dislike in life. No matter what it is very much up to you.

## **The ocean**

The sea billows, a flux in the waves. The tides deep moans as the current takes in everything with it the ocean filled with sea life and surfers and everything in between. Swimming in the ocean is always fun for those who don't fear it.

## **Rainbow bridge**

Fell hard, caught off guard.  
can hear my soul slowly die  
you crossed the rainbow bridge today. I just wanna say,  
may the days  
phase with beautiful sun rays and moonlit nights. My  
heart will never be the same now that you're gone.  
My sadness becomes a vast array of sorrow and pain.  
you crossed the rainbow bridge today, away faraway to  
convey. heartache and dismay may say but nothing can  
heal the hole in my soul.

## **Diamond**

Glisten gleam the brightness is blinding I love the  
feeling it brings and I feel happy and proud with our  
bond that will forever be pure and bright like  
diamonds.
